ATTUNING THE CHAKRAS

January 6th - 8th, 2012

LEVEL I , 1st Year Training programs are offered in 8 weekend trainings, offered one weekend/month for 8 months beginning Sept. of each year. We recommend participation in all trainings for the best and most complete understanding of the nature, use and application of sound therapies. However, you may participate in any or all of the programs in the Level I programs (except Applications, which has prerequisites.)

ATTUNING THE CHAKRAS : An in depth study of the nature and development of the chakras and their relationship within the subtle bodies & the human psyche; with attunement exercises via alchemical practices, esoteric exercises, and sacred sound transmissions. We will offer cognitive information on the nature of the Chakras, and skill development utilizing sound to balance and energize the chakras in therapeutic settings.
